As a homeowner in Johnson Ranch, I am in full support of Swing First's challenge to the arbitrary breach of contract by Johnson Utilities when it replaced effluent water with Non-potable water, billed at a much higher rate. One would argue that Johnson Utilities is in a conflict of interest by providing cheaper effluent to Oasis Golf Course which it owns, and penalizing Johnson Ranch Golf Course, a direct competitor, by withdrawing effluent for more expensive non-potable water and possibly driving it out of business. This is a monopolistic practice which must not be condoned by the responsible regulatory agency for Arizona.
